THE FACES OF ACHIEVEMENT

We pay tribute to you, the graduates of 1991. You have attained the Bachelor of Science degree from the Division of General Studies through much hard work and the resolute determination to succeed.

We salute your energy, intellect and commitment to achieving this most important goal. We deeply hope that your new degree, a singular achievement in itself, will be the impetus for yet other significant achievements in the years ahead.

To The Graduates of 1991

Congratulations on a job well done. You have, through hard work and perseverance, achieved an important life goal — the attainment of the baccalaureate degree.

Admittedly, it might have been simpler for you if this goal had been reached at an earlier point in your life. College is not easy for adults with family and professional responsibilities. But from an educational standpoint, there is much to be said for the path you have taken. You have applied yourself to the task of learning at a time in life when the value of education is most prized. You, who possess practical maturity, are in a much better position to take the knowledge offered by the collegiate experience and apply that knowledge to your life in a way that will maximize your personal and professional development. From the vantage of adulthood, you could see clearly the connection between knowledge and wisdom, and you were able to shape your education accordingly. So, you see, "better late" is not only better than never, but it can be better than earlier as well.

As I have happily done in the past, I once again want to thank Daniel Beni for orchestrating the yearbook effort, bringing forth this excellent *ACHIEVEMENTS 1991*. Thanks also to S. Carole Lessard for her invaluable assistance in this endeavor. Together, these two dedicated professionals have contributed greatly to the celebration of your graduation.

Sincerely,

Thomas G. Travis, Dean
Division of General Studies

To the Graduates of 1991,

The development of a great yearbook requires the blending of the energies and unique talents of many individuals. I would like to express deep appreciation to all who contributed to the realization of this our ninth yearbook. In particular, I must thank Maria Rapuzzi, Mary Kruk, Denise Cutrona, Ann Lyden and Janet Feinstein, for their contributions.

I would also like to offer a debt of thanks to Sister Carole Lessard and Sadie McMillan, whose suggestions and support made ACHIEVEMENTS '91 a notable success.

Cordially,

Daniel Beni

ST. JOSEPH'S COLLEGE CARES

BY MARIA RAPUZZI

THE CLASS OF 1991

As a result of my studies at Saint Joseph's College, I have had the opportunity to reach my career goals and explore other career opportunities. Unlike other colleges, Saint Joseph's accommodates the working professional. The administration, faculty and staff really care about you. Thank You Saint Joseph's for making my dream a reality.

I am truly proud to be a graduate of Saint Joseph's College.

SUMMING IT UP

BY MARY KRUK

THE CLASS OF 1991

I have received a lot of support from the faculty at Saint Joseph's College. Friends - both old and new were made here. I received a lot of love and encouragement from my family and friends while pursuing my studies. I would like to thank you all.

The six week Saturday classes and those held at the off - site extensions enabled me to complete my Bachelor's degree program. This flexibility made my dream of a degree a reality.

MY EXPERIENCES AT ST. JOSEPH'S

BY DENISE CUTRONA

THE CLASS OF 1991

My experiences at Saint Joseph's have been truly rewarding. I consider myself fortunate to have had the opportunity to associate with so many bright and friendly students from a vast variety of cultures.

The faculty created a pleasant and memorable learning experience. The diversified class scheduling made it possible for me to achieve my goals.

A LIFELONG DREAM

BY ANN LYDEN

THE CLASS OF 1991

Attending Saint Joseph's College has been one of the best experiences in my life. I have fulfilled a lifelong dream - becoming a college graduate. Saint Joseph's is a wonderful school with many great people. The professors are down to earth with a great deal of expertise in their respective fields that they gladly impart to their students. I have learned many new and exciting concepts in my courses here. I hope that I can return this gift of education to others. I now have a new perspective in my life. It is most illuminating.

A UNIQUE EXPERIENCE

BY JANET FEINSTEIN

THE CLASS OF 1991

I have attended Saint Joseph's College every Saturday for two years. Although it was difficult to give up my weekends, this has been a small price to pay to realize my goal of a college dream. Friendly faces and a caring attitude on the part of the faculty made this goal achievable.

LET'S TALK BUSINESS

In cooperation with the City of New York's Office of Business Development, the Division of General Studies recently presented a series of seminars on how to run a successful business. The seminars included Marketing Research, Financing Businesses, Legal Aspects of Business, Organizing and Managing A Business, Human Resources Essentials, Consumer Behavior and Advertising, Fundamentals of Retailing, Accounting For Managers, and Programs and Resources for Business. Certificates of completion were awarded for participants attending eight or more sessions.

Business Participants for the Programs and Resources Session of Let's Talk Business (left to right) Phil Miller, Barclays Bank; Bart Haggerty, Small Business Administration; Rupert Campbell, Co-director of "Let's Talk Business"; Joyce Coward, Director of Technical Assistance Programs Office of Business Development; Frank Fernandez, Metro N.Y. Trade Adjustment Assistance Conference; Jan Childress, Cinderella Program Division of the Office of Economic Development; and Loy McKeage, Metro N.Y. Trade Adjustment Assistance Conference.

GENERAL STUDIES STUDENTS TO VISIT LONDON, ENGLAND AND DUBLIN, IRELAND TO STUDY HEALTH CARE SYSTEMS

As ACHIEVEMENTS '91 goes to press, we are happy to announce that General Studies students enrolled in CHA 501/502, Field Study in International Health Care Systems, under Victor Brown, will pay a health care fact finding trip to London, England and Dublin, Ireland this spring. This visit will enable students to learn about the health delivery systems of these cities as well as provide cultural enrichment. Students enrolled in CHA 501/502 may receive college credit for this experience.

WOMEN'S EXPO: CAREER STRATEGIES FOR THE 90'S

In conjunction with the East New York Club of Brooklyn, Inc. of the National Association of Negro Business and Professional Women's Clubs, Inc., The Division of General Studies recently hosted a workshop for women seeking new careers and/or reinforcement in their present careers. The workshop brought together women in the community from all age groups (including senior citizens), who were provided with direction, information and guidance necessary to attain their specific goals. The workshop focused on counseling, networking, the importance of day care, and other vital support systems.

Jean Black, Lecturer in Health Administration, and Suzanne Trappier, Coordinator of Student Services, organized the Women's Expo Seminar.

General Studies faculty prepare to attend the graduation ceremonies.

Savoring the achievement.
